

English

Our English journey begins by looking at poetry some identity poems. The children will be then looking at non-fiction books about birds focusing and the journeys made at Christmas.

Maths

Our Maths journey begins with addition and subtraction. The children will then be focusing on multiplication and division. We will be practising mental maths skills, especially times tables.

Science

Our science journey will take us through 'Light and Shadow'. We will be learning about reflection and how shadows are formed. We will be learning about how important light is to us.

Topic **Why do people and animals make journeys?**

Our topic is all about journeys and we will be looking at journeys the children have made, planning our own journey and the journeys that animals make.

We will be especially looking at birds and their migration patterns.

JOURNEYS

PE

PE will be ball skills on Monday and we will need outdoor kit as we will be taking the children outside. On Wednesday we will need inside kit for our rugby lessons with the rugby coach.

RE **How can journeys help you to meet God?**

Our topic for this term is Pilgrimages and we will be looking at the journeys people of faith make. We will hopefully be making a pilgrimage of our own.

ICT

We will be using word processing skills to present our work. Having a go at a power point presentation. We will be learning to use video to film ourselves.

Music

The children will continue to learn an instrument. The Music Service will be teaching brass instruments and recorders.
