RE

We will be learning about places of worship in Buddhism, Islam and Christianity. We will also be learning about community and working together to make a better community in and out of school.

Maths **Place Value** – We will learn to understand the value of digits in 7 digit numbers. We will be rounding large numbers, multiplying and dividing by 10, 100, 1000 and 10,000. **Calculations** – We will use formal written methods and mental methods to calculate quickly and accurately. All of our maths learning will be taught through problem solving and investigation to develop our reasoning.

Science

We will investigate how the body works and how to stay healthy. We will be able to plan, organise and carry out fair tests and collect accurate results for data tables and graphs.

ONLY THE BRAVE

Year 6

ICT

We will be using coding skills to design and make our own computer games. We will also use the internet safely to carry out research across the curriculum.

Topic – Only The Brave!

We will be applying and supporting our English writing skills through learning about key characters in Black History and Civil Rights movements. As we examine different sources of evidence about the past, we will be determining which are reliable.

English

We will be reading, performing and writing poems based on poetry from Benjamin Zephaniah. We will also be learning to write adventure narratives, letters, diaries and non-chronological reports as we journey with Shackleton.

Guided reading will enable us to learn about inference and deduction and to complete reading comprehension questions.

Spelling -

PE

Through working collaboratively, we will be creative and design, lead and play our own games, using attacking and defending skills.

We will also develop our dance skills. **PE will be on Wednesday and Thursday**

Art

We will improve our mastery of art skills through drawing, painting and sculpting. Our art projects will be linked to our topic work on civil rights – Only The Brave.
