

Welcome to year 6. We are very much looking forward to teaching you in September.

Your class teachers are: Mrs Allingham and Mr Brownsell.

|---|--|
| Garden Wildlife Week – 27th July 2020 | Shackleton |
| <p>Celebrate this week by exploring nature in your garden this week. Paint or draw flowers you see, plant seeds, build a bug hotel or create a tally of how many different insects you see.</p>  | <p>Research Shackleton. Who is he? What is he famous for? Can you create a non chronological report with your research? Add images. Can you create a 3D model of his journey or the boat which he used?</p> |
| Dear Diary, | Cook and Move |
| <p>After learning all the features, keep a diary of what you do over half term. You could add it to a time capsule to remember the unusual time.</p>  | <p>Impress Mr O'Brien with your own fitness routines and healthy recipes. Will you create an obstacle course in your garden, rustle up a delicious salad or bake a cake for a treat? Share your workouts, recipes and instructions with us!</p>  |
| Year 6 Needs You! | Reading Challenge |
| <p>There is a challenge over half term for each class, so do your bit! Remember to rock slam the adults!</p>  | <p>Read as many times as you can during the week. Write an alternative ending or review of the books you have read; consider whether you would recommend the book to a friend. Extreme reading – read a book somewhere unusual! Take photos and share them with us!</p> |
| Transition booklets | Evolution |
| <p>Complete the transition booklet from pixel. The booklets contain maths and reading work which will help you focus in on some of the learning we will be doing in September. If you have any problems, have a look on bbc.bitesize and type in the subject - eg multiplication.</p> | <p>What is evolution? Who discovered it? How are all humans the same? https://www.bbc.co.uk/bitesize/topics/zvhhvcw/articles/z9qs4qt</p> |

There are more resources available for some of these activities on our Year 6 Home Learning pages, Google Classroom and Class Dojo.

Remember to share photos and videos with school via Twitter by tagging @church_prim and @Y6church_prim. Alternatively, upload your pictures to Google Classroom or Class Dojo.
