

The Yorkshire PE & Sport Premium Awards 2020 - West Yorkshire Winners - Active School

Success for The Academy at St James!

We were able to achieve this nationally recognised award by presenting a case study on the intent, implementation and impact of the PE and School Sports Premium Funding.

The Academy at St James commitment to our pupil's engagement in physical activity and health improvement was the rationale behind our success.

National experts in education and sport judged each category of the award, in which schools across the region celebrated their provision surrounding PE, school sport & physical activity.

The awards are coordinated across all three Active Partnerships: North Yorkshire Sport, Active Humber and Yorkshire Sport Foundation.
