

Who is George?
What is the story?

REMEMBER!!!

This is a fictional story and not a real life event. You must have an adult with you to pretend to make medicine and you must NEVER put it in your mouth.

George started to stir his marvellous concoction. The mixture was as thick as cream and as he stirred and stirred many wonderful colours rose up from the depths and blended together.

What would happen to Grandma if she takes the medicine?

You will need...

Any food based ingredients you can find in the kitchen.

Mix it up!

Have fun pretending to make your own medicine but please remember the rules to keep safe.

Always have an adult with you.

DO NOT put anything in your mouth.
