LI: To be able to identify $\frac{1}{2}$ and $\frac{2}{4}$ are equivalent fractions.

I can recognise that $\frac{1}{2}$ and $\frac{2}{4}$ are equivalent fractions.	
I can explain $\frac{1}{2}$ and $\frac{2}{4}$ using pictures and shapes.	

1. Colour the shapes in $\frac{1}{2}$ and $\frac{2}{4}$.

2. Group the following circles into halves and quarter.

What is $\frac{1}{2}$ of 8?

What is $\frac{2}{4}$ of 8?

What do you notice?

3. Use bar model to find out the $\frac{1}{2}$ and $\frac{2}{4}$ of the following animals. Explain your answer.

4. Colour $\frac{1}{2}$ of these groups of animals.

5. Colour $\frac{2}{4}$ of these groups of animals.
