The Academy at St James
Aspire, Achieve, Believe

Our vision for Computing

Through Computing, our children will:

➢ Learn skills that are purposeful and relevant
➢ Be able to use technology for a purpose.
➢ Confidently access a range of devices
➢ Learn skills that could be used in a future career
➢ Become confident learners who are comfortable with computing independently
➢ Be able to use problem solving and reasoning to explain how simple algorithms work and how to debug them
➢ Use a variety of search engines and know which sources are most reliable
➢ Know how to use different forms of technology for effective safe communication
➢ Know the importance of protecting personal information.
➢ Know how to be safe online and know who to report unacceptable behaviour too
